

Family Nurse Practitioner in Emergency Care MSN Program

The Family Nurse Practitioner in Emergency Care MSN program is based at UMDNJ's Newark and Stratford campuses. Graduates are eligible for certification to practice as Family Nurse Practitioners and for certification in the State of New Jersey as Advanced Practice Nurses (APN) with prescriptive authority.

Role and Qualifications: The Family Nurse Practitioner in Emergency Care has a Master of Science in Nursing (MSN) degree and advanced preparation in the assessment and management of emergent and urgent care to patients across the lifespan. The APN is distinguished by graduate preparation, supervised clinical practicum experience, and a depth of knowledge which supports advanced clinical practice and leadership in nursing.

Scope of Practice: The Family Nurse Practitioner in Emergency Care promotes the provision of timely and comprehensive care to all patients seeking emergency services while striving to eliminate healthcare disparities among diverse populations using evidence-based practice. The APN role is grounded in the nursing, biological, social and behavioral sciences.

Curriculum: The 56 credit, 855 clinical hour Family Nurse Practitioner in Emergency Care MSN program can be completed in part-time or full-time study. The following courses are required for this program.

Core (Core courses offered every semester; online or in-class)

Table with 4 columns: Course #, Course Title, Cr. Hrs., Clinical Hrs. Rows include NURS 5402, NURS 5102, NURS 5104, CSPD 5107, NURS 5105, MHP 5202, and NURS 5403.

Cognate

Table with 4 columns: Course #, Course Title, Cr. Hrs., Clinical Hrs. Row includes NURS 6200 Advanced Health Promotion Across Diverse Cultures.
